# 2-PETR Pays Vallée du Loir

## Funding

- Activities generating revenue:
  - Visits for groups or schools and summer activities related to the natural and architectural heritage
  - Engineering of the framework convention with municipalities and communities of municipalities regarding their Energy Saving Certificates

# 2-PETR Pays Vallée du Loir

## Financial programmes

Examples

- DRAC (French Regional Department of Cultural Affairs) enabling to initiate mutual knowledge of cultural actors
- LEADER financing LAG bottom-up strategy

## Public institutions

National Obligations  
e.g. Renewable energy acceleration zones

Engineering/Counselling/Empowering  
Communicate and coordinate

### Most effective way

- ☎ On the phone
- 👥 In-person as much as possible where the public is located

- Bring knowledge of other potential funding sources
- Provide his/her expertise in a specific field
- Assist in the structuration of a project: documents collection, content writing, etc
- Co-create
- Lead a project on a delegated assignment
- Introduce to a reliable partner
- Train members of municipalities to use a GIS
- Make information accessible to the greatest number

PROJECTS

Work for

- Inhabitants
- Tourists
- Families
- Companies, shops, craftsmen, farmers
- Elected representatives
- Community agents

Work with

- Citizens
- Associations
- Teachers

# 3-LAG Committee and strategy

**16 members for the public body:** elected by each community of municipalities

**13 members for the private body:** Territorial development Council volunteers

**Decisions for 2023-2027:** 50% public body / 50 % private body

**Strategy based on consultations** of local authorities' agents and county agents (social, economic, cultural and environmental fields), LAG members, Territorial development Council members, elected members of local authorities of the 3 communities of municipalities and experts working on agricultural fields

**Projects aiming at:**

- making culture accessible to everyone
- improving the territory sustainability
- reinforcing territorial coherence and bonding among inhabitants

**Thank you for your attention !**
